For people who wants to learn an American Sign Language (ASL) to communicate with their friend(s), relative(s) or co-worker(s). Since in America there are over 300,000 profoundly deaf Americans with an additional millions of hearing impaired Americans! There are some people who took ASL classes High School and/or College and don't use it much due to a career change whereas they don't use ASL on the job and want to re-learn and see if they recall ASL correctly or not.

1. Introduction: Why does ASL includes expressions?
2. Learn ASL Basic lessons first before take an online quiz
3. ASL Quiz provide 9 different short videos of ASL signs with various multiple choices of words and allow user to select the right answer on what the ASL sign means.
To Propose to have 10 questions of ASL signs for user to tell us what the answers are.
4. Where to find resources for some interpreters or take ASL courses somewhere in communities.
5. Credits-website and who edited video

Audience: Age from 16 yrs old thru 60 yrs old for anyone who have a deaf friend or member of family want to communicate with their loved ones.
